ADDENDUM NO. 1

DATE: August 21, 2020

PROJECT: 2020 Parishwide Street Ditch Drainage Improvements

PROJECT ENGINEER: Clarence J. Savoie II, PE

BID DATE: The bid date shall be to August 28, 2020

TIME: The bid time shall be 9:45 p.m.

NATURE OF CHANGE:

SPECIFICATIONS:

See Revised Bid Proposal Attached.

Clarifications to Pre-Bid Questions.

FIRST LIST OF QUESTIONS

1. Ques.: What type of Bid Bond Form should we use with this above mentioned Project?

   Ans.: Use typical Construction Bid Bond Form based on your proposed estimate. See Advertisement in Specifications. Bid Bond shall be 5% of total sum base bid. Projected Estimate is $1,400,000.00.

SECOND LIST OF QUESTIONS

1. Ques.: Can you give approximate locations where unused spoils will be transported?

   Ans.: Will be as directed by Public Works such as the Reserve Relief Canal area or the Airport Road area in Regala Park.

2. Ques.: Several ditches had just had fiber optic cable and gas lines installed close to the top edge of the current ditch. If proper angle/designated slope cannot be achieved because these utilities are in the way. How will this be handled?

   Ans.: The Parish encounters these problems regularly and in some cases places culverts and basins to resolve the problem and others require adjustments to avoid these utilities. Each will be resolved on a case by case situation.

3. Ques.: On Page 8, Item B: Driveways it states "... select fill material and a finished sand or limestone top layers as shown on the plans." There are no plans. Will plans be issued or is this a typo? There are several areas that reference plans.

   Ans.: Yes, plans will be prepared by the Engineer for streets as directed by the Owner and issued to the Contractor with the appropriate bid items to be used to complete the work. See specifications.

4. Ques.: If testing is required: who pays for the testing lab?

   Ans.: The Contractor shall pay for testing of concrete or asphalt as specified in the specifications.

5. Ques.: Bid Item XXV Concrete Catch Basin 2 Ft Depth-Can you specify size or type such as CB-6.

   Ans.: The basins are for placement of subsurface culverting such would be typical for each depth for Parish ditches. i.e.: 18" culvert with a 2 ft. depth would be usually a 24" square. For bidding purposes see revised bid form attached. All catch basins shall include a typical Vulcan Iron Grate 18" x 18" on all 2' basins and 24" x 24" Grate for all others. See revised Bid Proposal.

6. Ques.: Same Questions as 5 for Bid Items XXVI, XXVII, XXVIII, XXIX, XXX, and XXXI?

   Ans.: See answer on Question 5.

7. Ques.: The saw-cutting items have no thickness associated with them. This can range in value based on thickness? Can this be changed to inch-foot?

   Ans.: That would open up other possible alternatives. The proposal is to cut typical asphalt or concrete driveways and some streets. The typical depth is between 2-inch and 4-inch depth and is bid by the linear foot. See revised Bid Proposal.

8. Ques.: Bid Item XLIX-Grading 4' Average. Is this for grading a 4-foot wide area?

   Ans.: See revised bid proposal changed to square yard.

9. Ques.: When it comes to liquidated damages, how much time does the Contractor have to complete the work?

Ans.: A reasonable specified time will be negotiated on a job by job basis. The Contract is an annual bid terminating on December 31, 2021. See specifications

10. Ques.: Page 12 What will you be looking for when it comes to submittals.

Ans.: Materials to be installed. i.e.: Culverts, basins, asphalt mix, concrete mix, etc.

Clarence J. Savoie III, P.E.

LOUISIANA UNIFORM PUBLIC WORK BID FORM
UNIT PRICE FORM

TO: St. John the Baptist Parish
1811 W. Airline Highway
LaPlace, Louisiana 70068

(Owner to provide name and address of owner)

BID FOR: St. John the Baptist Parish
2020 Parishwide Street Ditch Drainage Improvements

(Owner to provide name of project and other identifying information)

UNIT PRICES: This form shall be used for any and all work required by the Bidding Documents and described as unit prices. Amounts shall be stated in figures and only in figures.

DESCRIPTION:	✓Base Bid or ❑ Alt.# ___ **18" CORRUGATED METAL PIPE**			
REF. NO.	QUANTITY:	UNIT OF MEASURE:	UNIT PRICE	UNIT PRICE EXTENSION *(Quantity times Unit Price)*
I.	1,000	LF	$ _____ /LF	$ _____

DESCRIPTION:	✓Base Bid or ❑ Alt.# ___ **18" RIBBED PVC PIPE**
